

To make a course available on eLearning:

1. Go to the eLearning class. In the *Control Panel* on the left, go to *Customization*, then *Properties*.
2. For #2, “Make Course Available,” click Yes.
3. Click *Submit*.

The screenshot shows the UNI eLearning interface. The top navigation bar includes the UNI eLearning logo, the user name 'Lauren Rein', and a home icon. Below this is a breadcrumb trail: '(Course is unavailable to students) > Customization > Properties'. The left sidebar contains a 'Control Panel' with a tree view where 'Customization' is expanded to 'Properties', indicated by a '1.' annotation. The main content area is titled 'Properties' and contains a description: 'Properties control the functional settings of the course, including name, availability, classification, duration, categorization, language, files, and structure. [More Help](#)'. At the top right of this area are 'Cancel' and 'Submit' buttons, with an arrow and '3.' pointing to the 'Submit' button. The 'Properties' section is divided into four numbered sections: 1. **Classification**: Subject Area (Education), Discipline (Higher Education). 2. **Set Availability**: 'Make this course available to users?' with 'Make Course Available' set to 'Yes' (radio button selected), indicated by an arrow and '2.'. 3. **Set Course Duration**: 'Duration' set to 'Continuous' (radio button selected). 4. **Select Language Pack**: 'Language Pack' set to 'System Default' (dropdown menu).
